PRODUCT BULLETIN – Z-Flex® Z-DENS™ Polypropylene Venting:

Product Series: Trinity & Vmax

Models: Lx150-800(WH), Tft60-399, Ti100-200, Ts80, Tx51-200(C) & VM110(P)

NTI Trinity and Vmax boilers are approved for use with Z-Flex® Z-DENS™ single wall Polypropylene Venting. Consult the applicable NTI appliance Installation and Operation Manual for allowable vent pipe lengths and diameters. For a list of NTI approved Z-DENS™ appliance adapters, contact NTI (1-800-688-2575).

Failure to use the correct NTI approved Z-DENS™ appliance adapter, or to install the venting incorrectly, may result in flue gas leakage causing property damage, personal injury or loss of life. Consult the NTI appliance Installation and Operation Manual, as well as the installation instructions provided with the Z-DENS™ venting.
